About the K.L.E Society:

The K.L.E. Society, Belagavi, since its inception in 1916, has been a role model in imparting quality education and up-liftment of socio-economic status of both urban and rural aspirants of education. The doctrines of the society lay special emphasis on the principles of Truth, Love, Service and Sacrifice.

The 103-year old Society is a multi-faceted organization imparting qualitative and value-based education in Science, Arts, Commerce, Medicines, Dental, Pharmacy, Education, Engineering, Law and Management. It has 270 institutions under its fold. The K.L.E. Society has achieved horizontal and vertical growth under the dynamic Chairmanship of **Dr. Prabhakar Kore, M.P.** and the **Chancellor, K.L.E. University**, who has been an instrumental in attaining a unique place in the education sector on the global map.

About the J. G. College of Commerce:

The K.L.E. Society's, Jagadguru Gangadhar College of Commerce, Hubballi, was established in 1947, as the unique and exclusive Commerce College in this region. The birth of this institution was possible by the philanthropic gesture of His Holiness Shri Manniranjan Jagadguru Gangadhar Rajyogendra Mahaswamiji of Moorusaviramath, Hubballi, and the people of Hubballi-Dharwad area, who wanted to further the cause of education. Established during the Pre-independence period, the College enjoys the distinction of being the premier institution in imparting quality Commerce education in North Karnataka Region. The college offers, besides the UG Program in Commerce (B.Com), P G Program in Commerce (M.Com), Vocational B.Com Program (Tax Procedure and Practice). In addition, Career-oriented Programs and value add-on courses are offered to enhance the employability of the students.

About the Department of Computer Science:

Being a priemer institution of Commerce, the role of technology and technical literacy plays an important role to bring the theories into practice, the department was established in the year 2000 which is known as the technical hub of the college. Along with the academic curriculum subject Computer Application in Business, the department offers various certificate courses such as Basic, Diploma & Advanced Diploma certification with add on courses such as Digital Marketing, Canva, Tally GST etc. thus providing a better platform for students to cope up with the advancement of technology.

About the Faculty Development Programme:

Human life has become increasingly reliant on social networks. Starting with text, photos, and messages, many people have moved on to sharing the latest news and news-related pictures in the Media domain, question papers, assignments, and workshops in the Education domain, online surveys, marketing, and customer targeting in the Business domain, and so on. In the broader framework of data mining, advanced recordings of human conduct in interpersonal organisations can be identified with a significant amount of productive analysing in order to learn without invading users' privacy. As a result, information should be made available in such a way that privacy is protected and security is closely monitored.

REPORT

DEPARTMENT OF COMPUTER SCIENCE

Level: International

Title: SECURITY & PRIVACY IN SOCIAL NETWORK

Category: Faculty Development Program

Date: 07-08-2021 To 12-08-2021 (06 days)

No. of Resource Persons: 06

No. of Participants: 049

Organizers: Department of Computer Science & IQAC

Resource Person: Dr. Chander Kant, Dr. Sandeep Kumar. Sood,
           Dr. Parvinder Singh, Dr. Ramesh. M. Badiger.

Mode: Online

Objective: This FDP on **SECURITY & PRIVACY IN SOCIAL NETWORK**, aims to provide the knowledge about threats on data be it personal or official and how to secure our data over the networks.

Report: The Department of Computer Science & IQAC of the college have organized a 6 Day International-Level Faculty Development Program on SECURITY & PRIVACY IN SOCIAL NETWORK, from 07-08-2021 to 12-08-2021. The Program started with the welcome speech by Dr. Alstyne Victor. K, HOD Department of Computer Science with a brief introduction about the FDP followed by thanksgiving words to the Principal of our college, staff and our esteemed KLE Society for having given us an opportunity to conduct this program.

The Day1 session was taken over by Dr. Sandeep Kumar. Sood, Associate Prof, Department of Computer Science, NIIT, Kurukshetra, Haryana, on Issues & Challenges on Information Security and Tools for Analyzing Social Network. He emphasized on the security measures involved in keeping the data safe over the networks and what exactly

happens to our data during transmission and what kind of protocols have to followed while accessing social media or networks.

The Day2 session was presided over by Dr. Chander Kant, Associate Professor, Department of Computer Science & Applications, Kurukshetra University, Kurukshetra, Haryana, Sir spoke on Biometrics Security & Open Firewall stating that in what manner human scanned print frames be misused and how can they be protected using firewall as a security option for preventing unauthorized access to our data.

The Day 3 session on Web Scraping and its Tools was presided by Dr. Chander Kant, Associate Professor, Department of Computer Science & Applications, Kurukshetra University, Kurukshetra, Haryana, focused on what exactly is web scraping and how people especially technicians use it to extract sensitive data, he also explained about several tools and skill sets on web scraping and can our data be protected from scrapers as such.

The Day 4 session was conducted by Dr. Parvinder Singh, Dean, Faculty of IT & CS, Department of Computer Science & Engineering, DCRUST, Murthal, Sonepat, Haryana, on Ethical Hacking & Block Chain Technology, Sir gave complete knowledge on what happens to the deleted data and where does it stay in the networks, though to the user the data appears deleted it stays on the network creating clots which further may lead to data theft and hence what measures have to be taken to overcome such errs.

The Day 5 session was presided over by Dr. Sandeep Kumar. Sood, Dr. Sandeep Kumar. Sood, Associate Prof, Department of Computer Science, NIIT, Kurukshetra, Haryana, on Security in Cloud Computing & IoT, he explained that how data can be saved and stored by using protective and preventive measures in Cloud storage by following several preventive measures, and, what exactly is the Internet of Things and well laymen should be aware of it and in what manner Cloud storage should be used for data storage.

The final Day i.e Day 6 of the FDP was conducted by Dr. Ramesh M. Badiger, Assistant Professor in CS, Tontadarya College of Engineering, Gadag, who focused on what is Big data what role does it play in amassing huge amount of variants of data in Social Media and what all safety measures can be incorporated by accessing Social Media.

The FDP concluded with Vote of thanks proposed by Prof. Smt Ashwini. Hongal, thanking all the dignitaries associated directly or indirectly with us in the smooth conduct of the program, feedback link was shared to the participants via which they shared their valuable

feedback on the FDP, afterwhich the participants were issued with the E-Certificates on their respective e-mail ids.

Outcome: The participants have acquired knowledge of the different types of threats to their data over the networks and how careful should they be while accessing websites, be it social media of monetary transaction or business transaction everything should be protected and carefully worked upon. Several tools used by troopers to hack the data were brought into light and were focused upon thus creating awareness about data leaks and breach.
