Department of Economics**

Name of the Teacher: Dr. Santosh Kumar S

Class: B.Com 1st Semester (B & D Div)

Subject: Contp. Indian Economy

Sl. No.	Duration	Mode of Class	Must Know Topics	Desirable to Know	Test/Seminar
1	October 2021	Offline	Unit – 1 India's Growth Story: Concepts of GDP, GNP/GVA, NDP, NNP, NI and Per-Capita Income; Current and Constant Prices; Trends in size and growth of National Income; India: Fastest growing nation; Reasons, Reasons for initial slow growth, Recent slowdown; Reasons Chapter 2 Whether India's Development India's position in development: measured through: Gross National Income(GNI), Per-capita Income (PCI), Human Development Index (HDI).	India is not only the world's largest and fiercely independent democracy, but also an emerging economic giant. But to date there has been no comprehensive account of India's remarkable growth or the role policy has played in fueling this expansion. India: The Emerging Giant fills this gap, shedding light on one of the most successful experiments in economic development in modern history.	Class Seminar
2	November		Contd., Chapter 2 Sustainable Development Goals (SDGs). Chapter 3 Concept of FDI and FII, FDI and FII inflows in India, Growth of MNCs in India, Ease of Doing Business, Make in India Chapter 4 Population, Recent Census: features, Size and Growth of population in India - Trends and Comparison, Theory of demographic transition as applied to India, Demographic Dividend; Effect of rapid growth of population, Communicable diseases(Covid-19) and their impact on economy.	The key to foreign direct investment is the element of control. Control represents the intent to actively manage and influence a foreign firm's operations. This is the major differentiating factor between FDI and a passive foreign portfolio investment. Market diversification, Tax incentives, Economic stimulation, Access to managers' expertise, skills, and technology.	Class Seminar

3	December	<p>Chapter 5: Unemployment Meaning of Labor Force, Work Force, Underemployment, Types of unemployment, Measurement concepts, Etc.,</p> <p>Poverty - 6 Meaning of poverty, Concept of poverty line, Measurement of poverty line: Consumption Expenditure and Calorie intake, Estimate of poverty line: World Bank Estimate, Recent estimate by planning commission, Suresh Tendulkar Commission Estimate, C Rangarajan committee Estimate, Earlier estimates, Causes, Effects and Measures to tackle poverty</p>	<p>Effective strategies and policies for reducing unemployment depend heavily on which type of unemployment you're targeting. For instance, reducing structural unemployment requires training programs to provide new skills for displaced workers. Mitigating cyclical unemployment, on the other hand, often depends on fiscal and monetary interventions from the government.</p> <p>On the basis of social, economical and political aspects, there are different ways to identify the type of Poverty: Absolute poverty, Relative Poverty, Situational Poverty, Generational Poverty, Rural Poverty, Urban Poverty.</p>	
4	January 2022	<p>Chapter 7 Price Inflation: Meaning, Types: Core Inflation, Headline Inflation, Hyper Inflation, Stagflation, Built-in Inflation, Demand Pull and Cost push inflation, Mild or Healthy Inflation, c) Wholesale Price Index, Composition and trends d) Consumer Price Index: composition and trends</p> <p>Chapter-8 Fiscal Indicators Fiscal deficit : Meaning, Trends in Fiscal deficit , FRBM act, Effects of rise in Fiscal Deficit</p>	<p>Pricing is important since it defines the value that your product are worth for you to make and for your customers to use. It is the tangible price point to let customers know whether it is worth their time and investment.</p> <p>The search for ways to ensure growth while accommodating necessary expenditure cuts to correct fiscal imbalances, has often led to the advocacy of the government own savings (GOS) measure as an indicator of growth potential in fiscal adjustment. This paper critically examines the rationale of this approach and its implicit assumption of the primacy of capital expenditure for the growth process. In light of the problems revealed in the GOS approach, the paper explores the possibility of alternative weighted expenditure indicators and illustrates the proposed technique.</p>	

5	February	<p>Chapter -9: External Sector indicators Meaning : Exports, Imports and Trade Balance, Volume of Exports and Imports, Composition of Foreign Trade, Direction of Foreign Trade, Meaning: Current Account, Capital Account and Balance of Payments (BoP), Trends: BoP and Current Account, Exchange Rate: Meaning</p>	<p>This chapter covers the concepts and definitions relating to India's external sector statistics covering balance of payments, external debt, foreign investment inflows, NRI deposits, international investments position, foreign exchange reserves, etc. The data on each of these components are compiled following the international best practices.</p>

Control represents the intent to actively manage and influence a foreign firm's operations. This is the major differentiating factor between FDI and a passive foreign portfolio investment. Market diversification, Tax incentives, Economic stimulation, Access to management expertise, skills, and technology.	Class Seminar

3	December	<p>Chapter 5 : Unemployment Meaning of Labor Force, Work Force, Unemployment, Types of unemployment, Measurement concepts, Estimation.</p> <p>Poverty - 6 Meaning of poverty, Concept of poverty line, Measurement of poverty line: Consumption Expenditure and Caloric intake, Estimation of poverty line: World Bank Estimate, Recent estimate by planning commission, Suresh Tendulkar Committee Estimate, C Rangarajan committee Estimate, Earlier Estimates, Causes, Effects and Measures to tackle poverty.</p>	<p>Effective strategies and policies for reducing unemployment depend heavily on which type of unemployment you're targeting. For instance, reducing structural unemployment requires training programs to provide new skills for displaced workers. Mitigating cyclical unemployment, on the other hand, often depends on fiscal and monetary interventions from the government.</p> <p>On the basis of social, economical and political aspects, there are different ways to identify the type of Poverty: Absolute poverty, Relative Poverty, Situational Poverty, Generational Poverty, Rural Poverty, Urban Poverty.</p>	
4	January 2022	<p>Chapter 7 Price Inflation: Meaning, Types: Core Inflation, Headline Inflation, Hyper Inflation, Stagflation, Built-in Inflation, Demand Pull and Cost push inflation, Mild or Healthy Inflation, c) Wholesale Price Index: Composition and trends d) Consumer Price Index: composition and trends</p> <p>Chapter-8 Fiscal Indicators Fiscal deficit : Meaning, Trends in Fiscal deficit , FRBM act, Effects of rise in Fiscal Deficit</p>	<p>Pricing is important since it defines the value that your product are worth for you to make and for your customers to use. It is the targetable price point to let customers know whether it is worth their time and investment.</p> <p>The search for ways to ensure growth while accommodating necessary expenditure cuts to correct fiscal imbalances, has often led to the advocacy of the government own savings (GOS) measure as an indicator of growth potential in fiscal adjustment. This paper critically examines the rationale of this approach and its implicit assumption of the primacy of capital expenditure for the growth process. In light of the problems revealed in the GOS approach, the paper explores the possibility of alternative weighted expenditure indicators and illustrates the proposed technique.</p>	

5	February	<p>Chapter -9: External Sector indicators Meaning : Exports, Imports and Trade Balance, Volume of Exports and Imports, Composition of Foreign Trade, Direction of Foreign Trade, Meaning: Current Account, Capital Account and Balance of Payments (BoP). Trends: BoP and Current Account. Exchange Rate: Meaning</p>	<p>This chapter covers the concepts and definitions relating to India's external sector statistics covering balance of payments, external debt, foreign investment inflows, NRI deposits, international investments position, foreign exchange reserves, etc. The data on each of these components are compiled following the international best practices.</p>
